

HOW CAN MURA KOSKER SORORITY HELP YOU, YOUR FAMILY & YOUR COMMUNITY?

OUR SERVICES

We help improve the wellbeing of Elders by increasing their social participation and assisting Elders with daily challenges. We keep our families safe and strong by promoting and delivering early intervention and supporting parents. We protect young children by delivering positive parenting programs and mobile playgroups. We support people affected by domestic violence with counselling and referrals to suitable services. We advocate for gender equality by ensuring our services are based on human rights, self-determination, cultural respect and cultural safety. We respect people, place and culture and ensure that cultural considerations underpin all service delivery.
